

OBAMA ADMINISTRATION MAKES IT EASIER TO AWARD SDVOSBS SOLE-SOURCE CONTRACTS

DID YOU KNOW?

Recent legislation has now made it easier than ever to sole-source an award to a Service-Disabled Veteran-Owned Small Business (SDVOSB) for up to three million dollars. That means you can get industry-leading support from P3 Partners sooner than you think!

SDVOSB is the most undersubscribed set-aside category in the Federal Government, so making an award to P3 Partners means helping your agency meet its mandatory small and disadvantaged business goals. It's likely that your designated Acquisition and Small Business Offices will be eager to help you take advantage of this new legislation.
