

PARTNER WITH A SERVICE-DISABLED, VETERAN-OWNED SMALL BUSINESS (SDVOSB)

Under a 2004 Executive Order, the Federal Government must set aside no less than three percent of its annual procurement activity for SDVOSBs such as P3 Partners, LLC.

Contracting Officers are consistently challenged to meet this three percent threshold.

Partnering with a SDVOSB is a valuable way to make your proposals more attractive to potential Government customers and can help them meet their Congressionally-mandated set aside requirements.

WHY P3 PARTNERS:

- Recently named to Top 100 Veteran-Owned Businesses in America
- Proven track record in the Federal Government including clients such as:

- Department of Homeland Security**
 - Transportation Security Administration**
